PROFILE

I am a passionate Software Developer that enjoys making people's lives easier. I am a recent Computer Programming Analyst graduate from Durham College. As a developer, I implement software and machine learning-based solutions for clients' businesses. I constantly strive for growth, success, and experiences that come my way as a software developer.

EMPLOYMENT HISTORY

Software Developer, Durham College   Oshawa, Ontario
Feb 2019 — Present

- Coordinated with project management staff on database development timelines and project scope.
- Worked on upwards of 2 contracts at one given time, and have been a part of 6 research projects to date.
- Designed, implemented, and monitored web pages and sites for continuous improvement.
- Tested websites and performed troubleshooting prior to deployment.
- Built, tested, and deployed scalable, highly available, and modular software products.
- Worked closely with clients to establish specifications and system designs.
- Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs, and enhancements.
- Worked with prototypes and agile methodologies to meet deliverables and milestones as per work plans and project requirements.
